INTRODUCTION

Muslim Aid is committed to safeguarding all children and vulnerable adults from all types of harmful abuse, neglect, and exploitation in any form at all times. We are committed to creating and nurturing an environment where potential risks are easily and immediately identified and managed in a uniform, coherent and comprehensive manner. There must be clear, robust and effective processes and procedures implemented across the organisation at headquarters and country offices in all areas of our work.

Muslim Aid accepts that prevention of abuse and exploitation is part of our duty of care to the children and vulnerable adults with whom we work with, taking into account any particular vulnerabilities. Safeguarding principles must apply consistently and without exception across its entire global operations which includes its UK based and international programmes and those where there is any form of participation from staff, volunteers, partners and any other external stakeholders.

Our primary objectives are to develop transparent systems focused on timely responses, good quality and accurate reporting, and essential learning when risks materialise. Our safeguarding framework aims to be survivor-focused and puts beneficiaries and affected persons at the centre of all we do.

SCOPE

Muslim Aid has put in place this policy to set out clear expectations of behaviours inside and outside the work place. It is to be used in conjunction with the Code of Conduct and is applicable to all employees, trustees, volunteers, interns, trainees, contractors and consultants and others who represent our organisation in the UK and country offices. All those who work for Muslim Aid and/or who represent the organisation in any capacity are required to sign a formal declaration confirming that they have read and understood the policy and agree to comply with its requirements at all times.

Muslim Aid staff and associated personnel are obliged to:

- Contribute to fostering and embedding a culture and environment that actively prevents safeguarding violations and promotes the implementation of the Safeguarding Policy and Code of Conduct.
- Report any concerns or suspicions regarding safeguarding violations by a Muslim Aid staff member or associated personnel to the appropriate staff member.

PURPOSE

This policy will be guided by the humanitarian principles of 'do no harm'. It sets out Muslim Aid's approach to safeguarding children and vulnerable adults and preventing sexual exploitation and abuse, namely:

- The principles upon which we will base our decision making and actions.
- Our expectations of all who represent Muslim Aid.
- Our commitments to ensure effective and proportionate action is taken when and where necessary.

The policy is mandatory reading upon all those employed, volunteering, supporting or are in any way associated with Muslim Aid and its work.

PROTECTION FROM SEXUAL ABUSE AND EXPLOITATION (PSEA)

We believe all people have a right to live their lives free from sexual violence. Muslim Aid **will not** tolerate its employees, volunteers, consultants, partners or any other representatives associated with the delivery of its work carrying out any form of sexual harassment, sexual abuse or sexual exploitation. Muslim Aid has **Zero Tolerance** on SEA, and will comply with international standards on the prevention of SEA, including:

- UN Convention on the Rights of the Child
- UN Declaration of Human Rights
- UN Secretary General's Bulletin on the Prevention of Sexual Exploitation and Abuse

MUSLIM AID STAFF COMMITMENTS ON PSEA

Muslim Aid shall maintain specific standards that reiterate and reinforce existing general obligations under the UN Secretary General's bulletin on SEA including:

(a) Sexual exploitation and sexual abuse constitute acts of serious misconduct and are therefore grounds for disciplinary measures, including dismissal.

(b) Sexual activity with children (persons under the age of 18) is prohibited regardless of the age of majority or age of consent locally. Mistaken belief in the age of a child is not a defence

(c) Exchange of money, employment, goods or services for sex, including sexual favours or other forms of humiliating, degrading or exploitative behaviour is prohibited. This includes any exchange of assistance that is due to beneficiaries.

(d) Sexual relationships between Muslim Aid staff and beneficiaries of assistance, since they are based on inherently unequal power dynamics, undermine the credibility and integrity of the work of Muslim Aid and are prohibited.

(e) Where a Muslim Aid staff member develops concerns or suspicions regarding sexual exploitation or sexual abuse by a fellow worker, whether in the same agency or not, he or she must report such concerns via established reporting mechanisms.

(f) Muslim Aid staff are obliged to create and maintain an environment that prevents sexual exploitation and sexual abuse. Managers at all levels have a particular responsibility to support and develop systems that maintain such an environment.

The standards set out above are not intended to be an exhaustive list. Other types of sexually exploitive or sexually abusive behaviour may be grounds for administrative action or disciplinary measures, including summary dismissal.

IMPLEMENTATION AND OVERSIGHT

Implementing the procedures included in this policy requires commitment and oversight at every level of the organisation. Although safeguarding is the responsibility of **all** representatives of Muslim Aid, specific responsibilities are designated to staff at different levels of the organisation to ensure that safeguarding measures are monitored regularly and that any new risks are identified and addressed promptly. Muslim Aid has a designated **Global Safeguarding Coordinator** who is responsible for:

- Receiving all concerns about the conduct of Muslim Aid personnel and associated persons that constitute a breach of this policy; where there is a concern/disclosure of harm or abuse of a child or vulnerable adult, whether or not it may be criminal in nature and require notification to external agencies.
- Monitoring the Safeguarding@muslimaid.org mailbox.
- Maintaining clear records of any concerns that are reported and the actions taken to address these concerns.
- Promoting awareness of the policy and processes throughout the organisation.
- Monitoring implementation of the policy and reporting any issues or concerns to the Head of Legal and Compliance and the Senior Leadership Team (SLT).
- Identifying training needs and developing, commissioning and/or delivering training where required.
- Acting as a source of support and information for all staff on safeguarding issues.
- Ensuring that confidentiality is maintained at all stages of any process when dealing with safeguarding concerns. Information relating to concerns and subsequent case management are shared on a need to know basis only and must be kept secure at all times.

Specific responsibilities are assumed by the **Head of Legal and Compliance** who is responsible for:

- Receiving concerns about the practice of the Global Safeguarding Coordinator.
- Overseeing all concerns that are reported and the actions taken to address these concerns.
- Reporting any serious safeguarding incidents involving Muslim Aid personnel or associated persons to the Charity Commission or any other external agency in the UK and/or abroad.
- Conducting internal safeguarding investigations and supporting those investigations carried out by external agencies.

The Head of Legal and Compliance shall inform and consult the CEO who is responsible for acting as a link between operational staff and the Board of Trustees on safeguarding concerns/disclosures.

The Charity Commission guidelines require the trustees of a charity to maintain oversight of safeguarding across the organisation and prioritise the safety and well-being of those who benefit from, or work with, the charity. Within Muslim Aid, the functions of the Nominated Trustee for Safeguarding include:

- Acting as a point of contact within the Board for the CEO, Head of Legal and Compliance and the Global Safeguarding Coordinator.
- Receiving and responding to any concerns that relate to the CEO.
- Informing the Board of Trustees of any safeguarding concerns/investigations, which may affect the reputation, and standing of the organisation.

The Head of Legal and Compliance shall support the CEO and the Senior Leadership Team (SLT) at Muslim Aid in order to ensure that all safeguarding measures are implemented, adhered to and periodically reviewed to satisfy legal and regulatory requirements.

WORKING WITH PARTNERS

Muslim Aid works with and through national partner organisations in a number of countries. We recognise that effective safeguarding policies need to reflect the specific legal and cultural contexts in which our partners are working. All our partners are made aware of the provisions of the Muslim Aid Safeguarding policy and are mandated to uphold the principles of it. Muslim Aid places primary importance on working with partners that have safeguarding policies and processes in place and an open approach to developing and reviewing those processes in line with best practice. Safeguarding is a continual process that Muslim Aid and our partners regularly monitor and review. We recognise that some partners may have strong safeguarding measures in place whilst others may require additional support to develop/review and implement robust policies and procedures. To achieve this, Muslim Aid:

- Embeds safeguarding principles, expectations and requirements within any Partnership Agreement.
- Includes a review of safeguarding within their due diligence process prior to developing formal partnerships with any organisation.
- Throughout all partnerships, Programme Managers review the safeguarding policies and procedures of partner organisations, and provide continuous guidance on how to support and strengthen safeguarding with Muslim Aid projects.
- Provides Muslim Aid's safeguarding policy in a language accessible by their staff.
- Includes safeguarding within monitoring visits and engages in discussions with partners regarding any identified concerns/disclosures or areas in which they would like support.
- Includes safeguarding support and training within project budgets where possible so that local specialists/focal points can be identified to develop the knowledge and skills of local teams.
- Ensures partners read Muslim Aid's Safeguarding policy and agree to uphold the safeguarding principles outlined in the Partnership Agreement.
- Ensure Partners commit to prioritising safeguarding and developing their reporting procedures in line with good practice.
- In some circumstances (especially in emergency contexts) where Muslim Aid partners with small grassroots organisations, it will support the partner organisation to uphold safeguarding standards, and where a national partner does not have a safeguarding policy, they must have, as a minimum, a Safeguarding Statement prior to the partnership being agreed, and they must follow Muslim Aid's safeguarding policy and procedures.
- Muslim Aid commits to providing in-house training and support to partner staff.

SAFE PROGRAMMING: SAFEGUARDING IN HUMANITARIAN SETTINGS

Muslim Aid works in a wide range of environments including some of the most hostile areas in the world. We work with a wide range of beneficiaries including some of the most vulnerable communities in the world. Muslim Aid recognises there is always a possibility of inflicting unintended harm, particularly in relation to vulnerable populations. It is never possible to eliminate all risk. However, Muslim Aid aims to ensure that there are no additional risks or harm to its beneficiaries due to our activities or the actions of our staff/representatives whether that is by deliberate actions, inadvertent actions or failings on our part. Our country offices take proactive steps to ensure that all programming activity identifies any potential risks and works to eliminate and mitigate those risks. The responsibility for ensuring programme standards are applied lies with the Director of International Programmes. All Muslim Aid staff and partners must take personal responsibility for upholding safe programming standards. Muslim Aid commits to allocating resources to provide training and guidance to staff at country offices and partner organisations who work directly with beneficiaries on protecting and safeguarding in the work that they do.

SAFE PROGRAMMING: CHILD SAFEGUARDING

Muslim Aid understands that children have increased vulnerability in emergency settings and therefore take reasonable steps to ensure that children are safer within their families and communities. We actively empower and support children, parents, guardians, caregivers, and partners on how to keep children safe. Programmes and projects where Muslim Aid is involved seek to do no harm to children and use opportunities to help keep children stay safe and to act in the best interest of children. Muslim Aid works to empower children as citizens and participants promoting their own well-being that in turn minimises the risk of harm. Planning programmes or projects likely to involve contact with children will require a risk assessment to be carried out. All Risk Assessment templates can be found on the Muslim Aid Intranet.

Muslim Aid will achieve Safe Programming by focusing on:

1. Awareness and Prevention of abuse
2. Responding and intervention in suspected cases
3. Communicating and monitoring policy
4. Implementation, Training & Revision
5. Monitoring and Evaluation

THE EMPLOYMENT CYCLE

SAFEGUARDING AWARENESS RAISING FOR BENEFICIARIES

Muslim Aid's safeguarding policies should be promoted throughout our engagement work with beneficiaries. Feedback from communities on Muslim Aid's role, staff behaviours, and complaints should be collated, reviewed and where applicable adopted as best practice. Muslim Aid should present feedback to communities on what changes have been made resulting from complaints. Staff working directly with beneficiaries must receive training on how to receive complaints and disclosures.

INTERNATIONAL SAFEGUARDING: DESIGNATED ROLES AND RESPONSIBILITIES

The implementation of Muslim Aid's safeguarding policy requires all Country Offices and Partner organisations to appoint a **Safeguarding Focal Point** for their country offices (this may include additional focal points for sub-offices). Designated Safeguarding Focal Points are responsible for:

Failing to report concerns can result in disciplinary action.

WHISTLEBLOWING

- Those who work with or for Muslim Aid (including Muslim Aid's beneficiaries) can also raise a concern without fear of retribution to Muslim Aid's Whistleblowing Service by emailing whistleblowing@muslimaid.org

If whistle-blowers do not feel they can follow Muslim Aid's internal reporting systems, they are able to contact *Safecall* directly by phone via the whistleblowing hotline to report any possible breaches such as corruption, fraud, dishonesty, harassment, sexual exploitation and abuse, and unethical behaviour. Whistleblowing concerns can also be reported online through *Safecall's* secure website: www.safecall.co.uk/file-a-report. This service is available to anyone who wishes to report a concern. *Safecall* is not managed by Muslim Aid staff and you do not need to give your personal details.

DEFINITIONS

Safeguarding

In the UK, safeguarding means protecting peoples' health, wellbeing, and human rights, and enabling them to live free from harm, abuse and neglect. Globally, in the humanitarian and development sector, it extends to protecting people, including children and at-risk adults, from harm that arises from coming into contact with our staff or programmes. Safeguarding means taking all reasonable steps to prevent harm, particularly sexual exploitation, abuse and harassment from occurring; to protect people, especially vulnerable adults and children, from that harm; and to respond appropriately when harm does occur. In the context of this policy, Muslim Aid pays specific attention to preventing and responding to harm from any potential, actual or attempted abuse of power, trust, or vulnerability, especially for sexual purposes.

Child:

A child is defined as anyone under the age of 18, in line with the UN Convention on the Rights of the Child.

Muslim Aid Representative:

All staff, trustees, volunteers, consultants, contractors and representatives (including those who visit programmes such as donors accompanying Muslim Aid staff) in the UK and in all international offices – implementing offices and partners, as well as fundraising offices, as part of their contractual obligations to Muslim Aid.

Child Exploitation:

Refers to the use of a child in work or other activities for the benefit of others. This includes but is not limited to forced child labour and child sexual exploitation.

Vulnerable adult:

An adult who is experiencing, or is at risk of, abuse, neglect or exploitation because of being in a position of social disadvantage due to one or more factors. The result is individual, and sometimes collective, vulnerability due to differences in power. These factors include (but are not limited to) poverty, migrant status, sex, gender identity, sexual orientation, disability, mental health, caste, religion, health, and age. *REF: World Health Organisation definition of vulnerable groups.*

Abuse of a child or vulnerable adult: Abuse is harm that is so severe or persistent that it is deemed “significant” and is likely to have a lasting effect on the person’s health or development. This policy addresses all forms of harm, including harm which may be caused intentionally or unintentionally, and which may not reach the threshold of significant harm or the legal threshold to take action. Examples of abuse include: physical; sexual; psychological; financial; discriminatory; organisational and/or domestic abuse; exploitation; neglect; radicalisation; hate crime; female genital mutilation; modern slavery; human trafficking; restraint; abuse as a result of membership of, or affiliation with, a stigmatised group (such as caste, religion, migrant, HIV status); and/or as a result of poverty.

Sexual Abuse:

The term ‘sexual abuse’ means the actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions.

Sexual exploitation

The term ‘sexual exploitation’ means any actual or attempted abuse of a position of vulnerability, differential power, or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another. This definition includes human trafficking and modern slavery.

Protection from Sexual Exploitation and Abuse (PSEA)

The term used by the humanitarian and development community to refer to the prevention of sexual exploitation and abuse of affected populations by staff or associated personnel. The term derives from the United Nations Secretary General's Bulletin on Special Measures for Protection from Sexual Exploitation and Abuse (*ST/SGB/2003/13*).

Direct contact with children or vulnerable adults:

Being in the physical presence of a child or vulnerable adult, whether the contact is occasional or regular, short or long term.

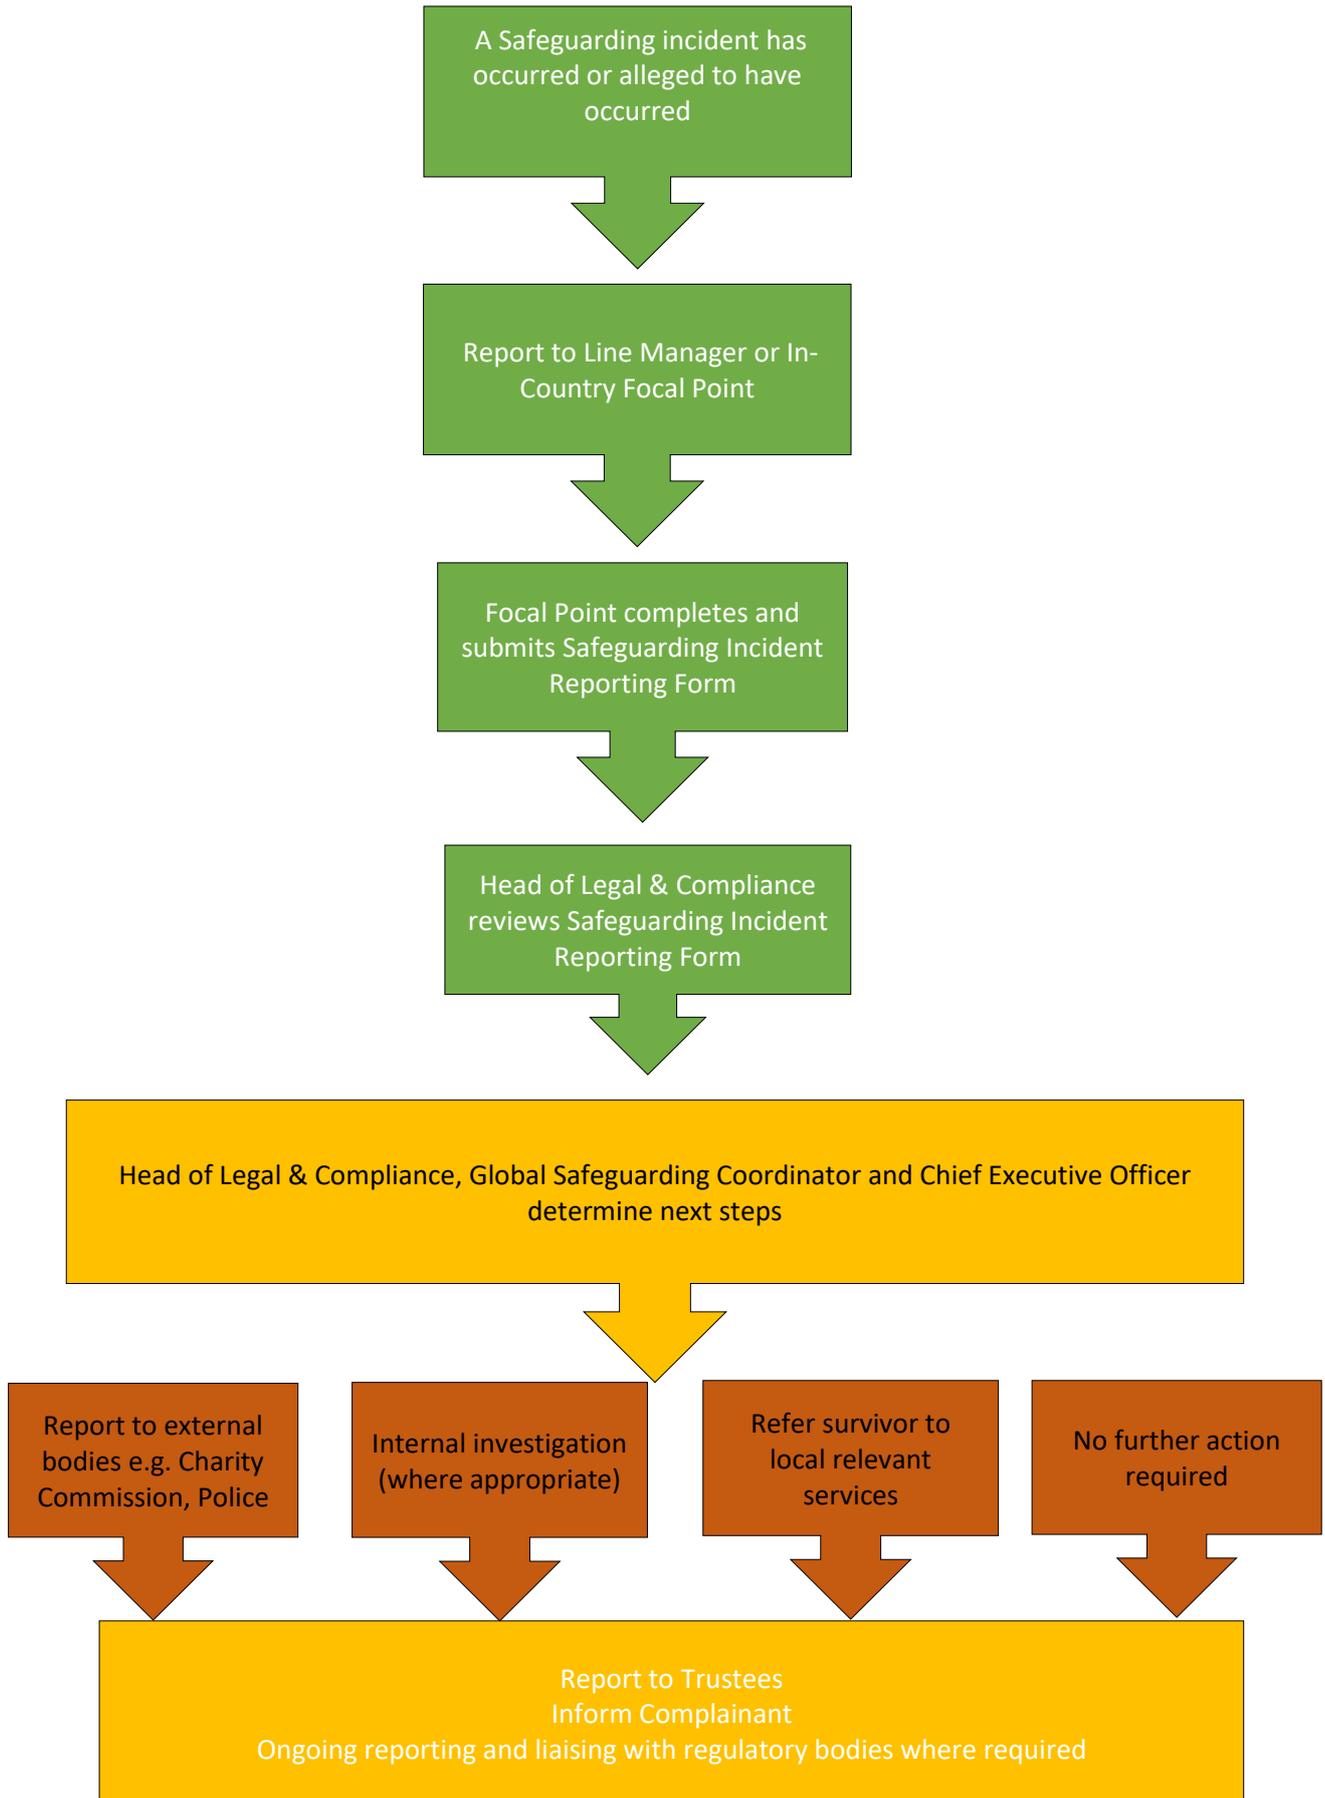

Indirect contact with children or vulnerable adults:

Having access to information on children and vulnerable adults in the context of the organisation's work, such as their names, locations (addresses of individuals or projects), photographs and/or case studies in our media work.

Survivor

The person who has been abused or exploited. The term 'survivor' is often used in preference to 'victim' as it implies strength, resilience and the capacity to survive; it is the individual's choice how they wish to identify themselves.
